

## Print Coatings Listing

COATING NAME	APPLICATION	DESCRIPTION
Rub'nSmell® Offset Litho Varnish	Heat Set Varnish (Oil Based) Sheetfed Varnish (Oil Based)	Resin Base Varnish for Heat Set Printing Presses. Used on paper only. Resin Base Varnish for Sheet Fed Printing Presses. Used on paper and some plastics.
Rub'nSmell® UV Offset Litho Varnish	Sheet Fed Varnish (UV)	UV Base Varnish for Sheet Fed Printing Presses. Used on paper, metal and some plastics.
Rub'nSmell® AquaScent®	Tower Coater Coating (Aqueous) Flexo Coating (Aqueous) Gravure (Aqueous) Silk Screen (Aqueous)	Water Base Coating for Sheet Fed Tower Coaters. Used on paper and most plastics. Water Base Coating for Flexographic Printing Presses. Used on paper and most plastics. Water Base Coating for Gravure Printing Presses. Used on paper and most plastics. Water Base Coating for Hand Silk Screens. Used on paper and some plastics.
Rub'nSmell® AquaScent® Soft Feel	Tower Coater Coating (Aqueous) Flexo Coating (Aqueous)	Water Based Special Effects Coating for Sheet Fed Tower Coaters. Used on paper. Water Based Special Effects Coating for Flexographic Printing Presses. Used on paper.
Rub'nSmell® Solvent Gravure Varnish	Gravure (solvent & toluene)	Solvent Based Coating Used For Gravure Applications.
Rub'nSmell® UV Flexo	Flexo (UV)	UV Coating for Flexographic Printing Presses. Used on paper and some plastics.
Rub'nSmell® UV Gravure	Gravure (UV)	UV Coating for Gravure Printing Presses. Used on paper and some plastics.
Rub'nSmell® UV Silkscreen	Silk Screen for paper substrates (UV) Silk Screen (UV)	UV Coating for Hand Silk Screens and maybe Rotary Screens. Used on paper. UV Coating for Hand Silk Screen. Used on metal and plastic.
Scratch'n Sniff®	Flexo (aqueous)	Water Based Slurry for flexographic and pattern glue unit applications.
Scratch'n Sniff® Primer	Scratch'nSniff Primer	Primer for Scratch-N-Sniff labels. Can be used on paper and plastic. Improves adhesion of slurry to substrates.
Snap'nBurst®	Flexo (aqueous)	Water Based Slurry for flexographic and pattern glue unit applications.
Tower Coater Line Flush	Tower Coater Line Flush	Water based line flush. Used Primarily for Rub'nSmell Tower Coater AquaScent Applications.
